# INAUGURAL ADDRESS

by Mayor John F. Conrad

*Gentlemen of the City Council:*

In completing the year of 1937 as your Mayor and approaching another, I do so with a realization of the Mayor's dependence upon a constructive attitude on the part of the gentlemen of the Council.

The past year has been a year of substantial progress in our various municipal activities. This could not have been accomplished without the unqualified support of the heads of departments, the honorable Council and the men who labor with the pick and shovel.

I am certain that you gentlemen, new members of the Council, will give that same degree of care for the best interest of our City.

## *Highways*

In the highway department, under the supervision of Commissioner John H. Shepard, we have made many needed improvements at the lowest possible cost.

During the past year we have resurfaced thirty-nine streets and made many improvements in all wards of the City. There is still much more to be done.

We have held weekly meetings of the committee with the Commissioner and the Mayor present, and as a result we have a splendid organization ready for almost any emergency.

## *Water Works and Sewers*

Little need be said of these departments as you are all well aware that they are being handled in the best possible manner under the skillful management of Water Commissioner George D. Dame.

## *Fire Department*

This department, under the direction of Chief Engineer John F. Nute, has rendered splendid service to our City. It is well equipped, and is one of the best in the State and we have every reason to feel grateful to them for the valuable service they have rendered.

## *Shade Trees, Parks and Commons*

Much needed improvement has been made at the Common on South Main Street. New bleachers have been built, and a fine back stop erected which will last

for a good many years without any additional expense to the City. The total cost for these improvements was only five hundred (\$500.00) dollars and two hundred fifty (\$250.00) dollars of it was raised by public subscription.

Much credit should be given to the Garden Club for the splendid work they have done in beautifying the triangular plot on the southeast side of the Common with shrubbery and flowers ; by so doing, an eyesore has been removed from this locality.

### *Public Library*

Last year I called the Council's attention to the crowded condition of the Library. The same condition still exists, but it is impossible to enlarge the building at the present time. This should be left to the board of trustees, as they can be depended upon to provide for any emergency that may exist until such time as we are in a better position to build.

### *Schools*

In our effort to give every young person in Rochester the best chance possible to secure the kind of education best suited to his individual need, we maintain a school department which is doing a mighty good job with the equipment that has been provided. Equipment, however, does depreciate and tends to become obsolete and so has to be renewed from time to time. Our present high school building has reached this stage. It is too small for the number of pupils enrolled and many neighboring cities now have much better educational facilities than we have. We have to omit instruction in some subjects which would be beneficial to many of our young people. We have no assembly hall, gymnasium, or athletic field.

I do not think it is fair to our young people to deny them advantages which are provided by other communities for their youths.

Our school board and city council have also recognized the need for a new building and some time ago appointed a committee to submit proposals for a new building to house the four high school grades and also the seventh and eighth grades, thus forming a combined junior and senior high school.

While that committee was working on the proposition the Spaulding families made their generous offer which was accepted by the City.

This offer made it possible for the City to secure a building and to provide for our youth advantages second to no community in the State, and at a cost to the City of only a fraction of what it would have been had the City had to provide the whole amount.

The yearly cost to the City under any plan is the cost of operation plus the annual debt retirement and interest cost of its building program.

Under the present plan there should be no further building program needed for years, as the crowded conditions in our grade schools are relieved by transferring two grades from each to the new building.

Having no other buildings to construct in the near future, the whole amount of our school expenditures can soon be used to cover operation costs only, including more teachers and enlarged facilities, and these expenditures should be little, if any, more than we have been spending for schools the past few years.

I am proud to have a hand in this project which will be of such advantage to all of us, and I am grateful, as we all should be, to the donors, not only for the gift, but for the great interest they are taking in the plans and the helpful advice they contribute as they work with the committee.

### *Conclusion*

I am anticipating another opportunity of working with you for the best interest of Rochester, and I can only ask you to give your serious consideration to the problems of our City as they may arise.

The past year has been a year of team work in all departments, and much good has been accomplished by it.

May the year that lies before us be carried on to that same high level.

# CITY GOVERNMENT

## AS ORGANIZED JANUARY. 1, 1938

---

*Mayor*, JOHN F. CONRAD

---

### COUNCILMEN

*Ward One*—Albert R. Chalmers, Ernest L. Rolfe, Burton L. Spiller.

# IMPORTANT RESOLUTIONS AND ORDERS

---

Passed by the City Council, 1937

---

## RESOLUTION TO HIRE MONEY IN ANTICIPATION OF TAXES

*Resolved by the Mayor and City Council of the City of Rochester:* That the Committee on Finance be authorized to hire in anticipation of taxes for the year 1937, a sum not exceeding two hundred and fifty thousand dollars.

Said loans to be placed at such times as the balance in the treasury makes it necessary, and to be hired on notes of the City at the lowest possible rate.

Passed January 6, 1937.

---

## RESOLUTION TO PROVIDE FOR NECESSARY CITY EXPENSES PENDING THE PASSAGE OF THE ANNUAL APPROPRIATION

*Resolved by the Mayor and City Council of the City of Rochester:* That pending the passage of the annual appropriation measure for the year 1937, the Mayor be and hereby is authorized and empowered to validate orders on the City Treasurer for all duly approved and properly classified claims for operating expenses of the City and its municipal subdivisions.

Passed January 6, 1937.

---

## RESOLUTION TO PURCHASE FIRE HOSE

*Resolved by the City Council of the City of Rochester:* That the Fire Committee be authorized to make requisition on the Purchasing Committee for the purchase of fifteen hundred feet of 2½-inch double jacket fire hose at once.

The same to be paid for from the annual appropriation for the Fire Department.

Passed January 19, 1937.

---

## RESOLUTION TO PROVIDE FOR PURCHASE OF POWER SHOVEL

*Resolved by the Mayor and City Council of the City of Rochester:* That the City Clerk be directed to write

to or inform various manufacturers or sales agencies handling power shovels that the City of Rochester contemplates the purchase of such a shovel and would be interested in receiving information and prices relative thereto.

Passed February 2, 1937.

---

RESOLUTION FOR USE OF CITY OPERA  
HOUSE FOR THREE SUNDAY AFTER-  
NOON CONCERTS FREE

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas the Rochester City Band, in appreciation of the moral and financial support received during the summer season from the business and professionals and lovers of music in their yearly campaign to raise the necessary funds to make possible a series of open air concerts given at the Common,

Whereas the said Rochester City Band, believing that in the continuation of these concerts during the summer and winter would be the means of encouraging the young people in the study of the art of music, and giving to the public an opportunity to enjoy an ideal entertainment which goes far in the betterment of a community,

Be it resolved that the use of the City Opera House be given free of charge for a series of three Sunday afternoon concerts to be given to the public, free, by the Rochester City Band. Dates of the concerts to be announced in the newspapers.

Passed February 2, 1937.

---

RESOLUTION TO PURCHASE POWER SHOVEL

*Resolved by the Mayor and City Council of the City of Rochester:* That the Highway Committee be and hereby is authorized to purchase for and on behalf of said City one gasoline power shovel and trailer not to exceed seven thousand (\$7,000.00) dollars in price, and that said Highway Committee be empowered to place the order for and purchase such a shovel and trailer as in its judgment it may deem to be for the best interest of the City of Rochester and do any and all acts as may be required to complete said purchase.

Be it further resolved that a sum not to exceed seven thousand (\$7,000.00) dollars be and hereby is appropriated for the purchase of said shovel and trailer.

Be it further resolved that the said City of Rochester issue its notes for the purchase price of said shovel and trailer bearing interest at the rate of three (3%) per cent. per annum, payable semi-annually in such sums as will retire said indebtedness in twenty years from the date of said notes in accordance with Section 3 of Chapter 59 of the Public Laws of New Hampshire. Said loan to be made on notes of the City and to be serial of \$1,000.00 each, payable April 1, 1939, and completed April 1, 1945.

Passed March 2, 1937.

---

#### AMENDMENT TO ORDINANCE RELATING TO STOP SIGNS

*Resolved by the City Council of the City of Rochester:* That Section 3 of Chapter XIV of the City Ordinances as heretofore amended on June 2, 1931, and on September 5, 1934, be further amended by adding thereto the following:

All vehicles on Hancock Street shall be brought to a stop on said Hancock Street before entering Charles Street from said Hancock Street.

All vehicles on Salmon Falls Road shall be brought to a stop on said Salmon Falls Road before entering Portland Street from said Salmon Falls Road.

Passed April 6, 1937.

---

#### RESOLUTION ACCEPTING RECOMMENDATIONS OF FINANCE COMMITTEE'S ANNUAL APPROPRIATION

*Resolved by the City Council of the City of Rochester:* That the appropriation for 1937, submitted by the Finance Committee, be approved and that action on the total amount to be raised by said City to defray the necessary expenses of said City be deferred until such time as the Finance Committee can submit to the Council the amount of the County and State Tax and estimated receipts.

Passed April 6, 1937.

### AMENDMENT TO ORDINANCE MAKING ARROW STREET A ONE-WAY STREET

*Resolved by the Mayor and City Council of the City of Rochester:* Amend Chapter XIV of the Revised General Ordinances of the City of Rochester, by adding after section 3 the following new section:

3A. Arrow Street shall be used for the passage of vehicles as a one-way street only and vehicles shall be prohibited from traveling over said street except in the direction from Main Street to Congress Street.

Passed June 1, 1937.

---

### AMENDMENT TO ORDINANCE RELATING TO FEES FOR POLICE OFFICERS

*Resolved by the Mayor and City Council of the City of Rochester:* Amend Section 10, Chapter V, of the Revised General Ordinances of the City of Rochester by striking out said section and inserting in place thereof the following:

Section 10. All police officers, whether regular or special officers, receiving any fees for service of any process, and all officers, except special officers, receiving any fees in any criminal cases as witnesses where the fines or penalty imposed are for the use of the City of Rochester or where their services as witnesses are during the hours of their regular duty, shall forthwith pay the same to the Marshal who shall pay same to the City Treasurer.

Passed June 1, 1937.

---

### RESOLUTION PROVIDING FOR BACK-STOPS AND BLEACHERS AT THE BASEBALL PARK ON COMMON

*Resolved by the Mayor and City Council of the City of Rochester:* Whereas, at the present time the only athletic field in the City of Rochester suitable for the purpose of baseball is the City Common;

And Whereas, said Common is not properly equipped for such field due to the fact that there are no bleachers or back-stops;

Now therefore, be it resolved by the Mayor and City Council of the City of Rochester that the sum of

two hundred fifty (\$250.00) dollars be appropriated from money not otherwise appropriated for the purpose of equipping said Common with bleachers and back-stops. Said appropriation to be made under the following terms and conditions:

(1) That an additional two hundred and fifty (\$250.00) dollars be raised from other sources.

(2) That the possession and control of the Common, together with said bleachers and back-stop, rest and remain with the Committee on Parks and Commons.

Passed June 1, 1937.

---

RESOLUTION OF APPROVAL OF WORK DONE  
BY WORKERS' EDUCATIONAL PROJECT

*Resolved by the Mayor and City Council of the City of Rochester:* That the honorable Mayor be authorized to notify Mary H. Head, State Director of Professional Projects, Works Progress Administration, Manchester, N. H., that the work carried on in Rochester and Gonic, by the Workers' Education Project, to help our residents who are aliens to gain citizenship, has been a success and meets with our hearty approval and we feel that there is a great need to have this work continued.

Passed June 1, 1937.

---

RESOLUTION PROVIDING FOR COLLECTION  
OF 1936 POLL TAXES

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas a large number of poll taxes, due from citizens of the City of Rochester for the year 1936, have remained unpaid, be it resolved by the Mayor and City Council that the Tax Collector and City Solicitor be authorized to take such legal action as they think necessary to endeavor to collect same.

Passed June 1, 1937.

---

RESOLUTION INSTRUCTING THE BOARD OF  
FIRE ENGINEERS TO TAKE ACTION AS  
TO CONDITION OF CLARK PROPERTY,  
NORTH MAIN STREET

*Resolved by the Mayor and City Council of the City of Rochester:* That the Fire Engineers be instructed to

investigate the condition of the frame buildings located on the westerly side of North Main Street on the Clark Estate property so called, and to take such action as they may deem necessary under Public Laws, Chapter 146, Sections 18 and 19, or any other law or ordinance that may be applicable.

Passed June 1, 1937.

---

#### RESOLUTION TO TRANSFER BALANCES ON WATER PROJECTS

*Resolved by the Mayor and City Council of the City of Rochester:* That all unspent funds in completed projects of the Water Department be transferred to other projects which need immediate attention.

Passed July 6, 1937.

---

#### RESOLUTION TO TRANSFER BALANCE ON SEWER PROJECTS

*Resolved by the Mayor and City Council of the City of Rochester:* That the balance remaining on hand in sewer projects that are completed be transferred to the project for the installation of sewerage into Whitehouse Street.

Passed July 6, 1937.

---

#### RESOLUTION TO CHANGE POLE LOCATIONS ON FACTORY COURT AND UNION STREET

*Resolved by the Mayor and City Council of the City of Rochester:* That the Committee on Street Lights be authorized to change pole location on Factory Court, Pole No. 3 to 55 feet nearer St. Hillaire's house, also to install a light on Pole No. 3.

Pole No. 3 on Union Street to be set back 25 feet nearer North Main Street.

Passed August 3, 1937.

---

#### RESOLUTION ACCEPTING NEW STREETS OFF PINE STREET

*Resolved by the Mayor and City Council of the City of Rochester:* That the petition of Alfred W. Lagasse for laying out a public highway be granted, but only on the following terms and conditions, to wit:

1. That the said Lagasse secure to the City at no expense to the City a deed of a right of way for the public in accordance with the requested lay-out.

2. That the said Lagasse build and grade said street to the satisfaction of the Committee on Roads, Bridges and Drains. Said building and grading to be done at no expense to the City.

Passed August 3, 1937.

---

RESOLUTION AUTHORIZING THE BUDGET  
FOR 1937

*Resolved by the Mayor and City Council of the City of Rochester:* That there shall be raised and there is hereby ordered to be raised with such overlay as may be found necessary on the polls and ratable estates within said City, \$298,356.09 to defray the necessary expenses of the City for the ensuing year, which together with the sums which may be received from various sources shall be appropriated.

Passed August 25, 1937.

---

AMENDMENT TO ORDINANCE RELATING TO  
FUNDS OF THE WATER DEPARTMENT

*Resolved by the Mayor and City Council of the City of Rochester:* That chapter XXI of the General Revised Ordinances be amended by adding after Section 10 a new section as follows:

10A. No money shall be appropriated from, expended from, or transferred from, any surplus funds in said Water Works Department, for purposes other than those expenditures specified in Section 10, except by a three-fourths vote of the City Council.

Passed October 5, 1937.

---

RESOLUTION ACCEPTING OFFER OF SPAULD-  
ING FAMILIES TO EXTEND DATE OF  
AGREEMENT

*Resolved by the Mayor and City Council of the City of Rochester:* That the City of Rochester does hereby accept the offer submitted to it by the Spaulding families through their representatives, the Trustees of the Spaulding Fund, for the extension of time for the suc-

cessful prosecution of the application to the Federal Emergency Administration of Public Works as provided in the agreement between said City and said Spaulding families dated November 27, 1936.

Passed October 5, 1937.

---

RESOLUTION RATIFYING AGREEMENT AS  
EXTENDED AND AUTHORIZING THE MAY-  
OR TO SIGN PAPERS IN BEHALF OF CITY

*Resolved by the Mayor and City Council of the City of Rochester:* That the agreement between said City and said Spaulding families, dated November 27, 1936, as amended by the offer of said Spaulding families by their representatives, the Trustees of the Spaulding Fund, to extend the date for the successful prosecution of the application to the Federal Emergency Administration of Public Works be and hereby is accepted, confirmed and ratified by said City, and the Mayor is hereby authorized to execute the same for and on behalf of the City.

Passed October 5, 1937.

---

RESOLUTION CREATING SPECIAL JOINT COM-  
MITTEE TO BE KNOWN AS ROCHESTER  
HIGH SCHOOL BUILDING COMMITTEE

*Resolved by the Mayor and City Council of the City of Rochester:* That there be a joint special committee to be known as the Rochester High School Building Committee, two members to be chosen by the School Board, and two members to be chosen by the City Council to act with the Trustees of the Spaulding Fund as representatives of the Spaulding families in carrying out the terms of their agreement with the City and under whose direction said school shall be constructed. Insofar as it may be lawful to do so, power to act in all matters in connection with the construction and equipping of said school, athletic field and appurtenances thereto is conferred upon said Committee. The Superintendent of Schools shall act ex-officio as secretary and adviser of said Committee.

Passed October 5, 1937.

RESOLUTION ELECTING WALTER H. WOOD  
CHAIRMAN OF BUILDING COMMITTEE

*Resolved by the Mayor and City Council of the City of Rochester:* That Walter H. Wood be and hereby is elected Chairman of the Rochester High School Building Committee, and be and hereby is authorized to sign all papers, instruments, agreements, contracts, etc., in connection with the construction of said High School Building and Athletic Field, and in connection with securing the necessary equipment and the necessary acquisition of land therefor insofar as he may legally so do.

That the Mayor of said City of Rochester is hereby authorized to sign and execute all other papers, instruments, agreements, contract, etc.

Passed October 5, 1937.

---

RESOLUTION ACCEPTING OFFER OF U. S. A.  
TO AID IN FINANCING NEW HIGH  
SCHOOL BUILDING

*Resolved by the Mayor and City Council of the City of Rochester:* Section 1. That the offer of the United States of America to the City of Rochester to aid by way of grant in financing the construction of a high school building and athletic field including necessary equipment and acquisition of necessary land thereof, a copy of which offer reads as follows:

(1) Subject to the terms and conditions (PWA Form No. 230) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a high school building and athletic field, including necessary equipment and the acquisition of necessary land therefor, (herein called the "Project") by making a grant to the City of Rochester (herein called the "Applicant") in the amount of 45 per cent. of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works (herein called the "Administrator"), but not to exceed, in any event, the sum of \$326,919.00.

(2) By acceptance of this offer the Applicant covenants to begin work on the project as early as possible, but in no event later than 12 weeks from the date of this offer and to complete such Project with all prac-

licable dispatch, and in any event within 14 months from the commencement of construction.

(3) This offer is conditioned upon:

- (a) the Project being designed and constructed so as to provide all practicable fire protection; and
- (b) the Applicant's furnishing assurances satisfactory to the Administrator that the present high school building will be demolished upon completion of the Project.

be and the same is hereby in all respects accepted.

Section 2. That said City of Rochester agrees to abide by all rules and regulations relating to such grant, a copy of which rules and regulations was annexed to the Government's offer and made a part thereof.

Section 3. That the City Clerk of said City of Rochester be and he is hereby authorized and directed forthwith to send to the Federal Emergency Administration of Public Works three certified copies of the Resolution and three certified copies of the proceedings of the Council in connection with the adoption of this Resolution, and such further documents or proofs in connection with the acceptance of said offer as may be requested by the Federal Emergency Administration of Public Works.

Passed October 5, 1937.

#### RESOLUTION CREATING CONSTRUCTION ACCOUNT

*Resolved by the Mayor and City Council of the City of Rochester:* Section 1. That a separate account be set up in the First National Bank of said Rochester to be known as the Construction Account.

Section 2. That in compliance with Section 5, Part II, of the terms and conditions (PWA Form 230), of the offer of the United States of America to aid in financing the construction of said school, all funds to be used in the construction of said school secured from any source whatsoever, be deposited in said Construction Account.

Passed October 5, 1937.

## RESOLUTION TO RAISE \$40,000.00 IN NOTES FOR THE CONSTRUCTION FUND

*Resolved by the Mayor and City Council of the City of Rochester:* That the Finance Committee be authorized and directed to raise for and on behalf of the City of Rochester, through the issue of notes, the sum of Forty Thousand (\$40,000.00) Dollars, said sum to be placed in the Construction Fund to be applied towards the construction of the High School Building and Athletic Field including necessary equipment and acquisition of necessary land therefor. Said notes to bear interest at no greater rate than three per cent. (3%) and to be made payable so that the entire debt shall be extinguished within ten years and to be issued in accordance with the provisions of Section 3, Chapter 59 of the Public Laws of New Hampshire.

Passed October 5, 1937.

---

## RESOLUTION TO PURCHASE TRACT OF LAND FOR BUILDING SITE FOR NEW HIGH SCHOOL BUILDING

*Resolved by the Mayor and City Council of the City of Rochester:* That the land lying in the triangle between Chestnut Hills Road and Wakefield Street in said City of Rochester, as per plan of said plot drawn by Harlan Bryant, be purchased for the erection of the high school, athletic field and grounds.

Section 2. That the City Council of said City of Rochester be and hereby is requested to appropriate Seventy-Five Thousand (\$75,000.00) Dollars for the purchase of said land.

Section 3. That the Secretary of said School Board be and hereby is directed to inform said City Council of said selection and request for appropriation.

Passed October 5, 1937.

---

## RESOLUTION SETTING ASIDE \$75,000.00 AS FUNDS AVAILABLE FOR PURCHASE OF LAND

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas the School Board of the City of Rochester has selected the property lying be-

tween Chestnut Hills Road and Wakefield Street for the erection of a high school building and has requested the appropriation of Seventy-Five Thousand (\$75,000.00) Dollars for the purchase thereof;

Now, therefore, be it resolved by the Mayor and City Council of said Rochester:

That the sum of Seventy-Five Thousand (\$75,000.00) Dollars be and hereby is appropriated from the funds available or to become available for the purchase of said land.

Passed October 5, 1937.

---

RESOLUTION APPROVING PLANS OF CHASE  
R. WHITCHER FOR NEW HIGH SCHOOL  
BUILDING

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas plans drawn by Chase R. Whitcher for new high school have been submitted by the Rochester High School Building Committee and have been duly examined and considered, now therefore, be it resolved by the School Board of said Rochester that said plans be approved.

Passed October 5, 1937.

---

RESOLUTION REPEALING RESOLUTION  
PASSED NOVEMBER 10, 1936, NAMING  
NEW BUILDING SPAULDING HIGH  
SCHOOL

*Resolved by the Mayor and City Council of the City of Rochester:* That the resolution passed November 10, 1936, to name said new high school the Spaulding High School be and hereby is repealed.

Be it resolved by the Mayor, City Council and School Board of the City of Rochester in joint session: That the New High School Building be known as the Spaulding High School of Rochester, N. H., in honor of Leon Spaulding, deceased.

Passed October 5, 1937.

---

RESOLUTION TO ABOLISH PRESENT HIGH  
SCHOOL BUILDING ON COMPLETION OF  
NEW BUILDING

*Resolved by the Mayor, City Council and School Board of the City of Rochester in Joint Session:* That

in compliance with the terms of the offer of the United States of America to the City of Rochester to aid by way of grant in financing construction of high school building and athletic field, the present high school building be demolished upon completion and occupancy of the new high school building.

Passed October 5, 1937.

---

RESOLUTION GIVING BUILDING COMMITTEE  
AUTHORITY OVER THE PRESENT HIGH  
SCHOOL LOT WHEN BUILDING IS  
DEMOLISHED

*Resolved by the Mayor, and City Council, and the School Board of the City of Rochester:* That the lot upon which the present high school stands after said high school has been demolished, shall be disposed of only in such a manner as shall meet with the approval of the Rochester High School Building Committee.

Passed October 5, 1937.

---

RESOLUTION TO EXTEND WATER AND SEWER  
TO TAKE CARE OF NEW HIGH SCHOOL  
GROUNDS AND ADJACENT PROPERTY

*Resolved by the Mayor and City Council of the City of Rochester:* Section 1. That the deep sewer be extended north from Orchard Street as per the attached plan incorporated herein and made a part thereof.

Section 2. That a water main be laid in accordance with the drawing attached herewith and made a part thereof.

Section 3. That the Finance Committee be authorized and directed to raise for and on behalf of the City of Rochester, through the issue of notes, the sum of \$10,000.00, said sum to be used insofar as necessary for the construction of aforesaid sewer and the laying of aforesaid water mains. Said notes to bear interest at no greater rate than 3% and to be made payable so that this entire debt shall be extinguished in ten years and to be issued in accordance with provisions of Section 3, Chapter 59 of the Public Laws.

Passed October 5, 1937.

RESOLUTION LICENSING HIGH SCHOOL  
BUILDING COMMITTEE TO MOVE  
BUILDINGS WITHOUT BOND

*Resolved by the Mayor and City Council of the City of Rochester:* That the High School Building Committee be and hereby is licensed and permitted, in accordance with Chapter 12 of the City Ordinances, to move any buildings they deem necessary in the securing or development of the property for the New Public High School, and that they be excused from furnishing a bond of indemnity as a condition of granting said license.

Passed November 3, 1937.

---

RESOLUTION AUTHORIZING WALTER H. WOOD  
TO SIGN DEEDS IN CONVEYING PROPERTY

*Resolved by the Mayor and City Council of the City of Rochester:* That whereas certain exchanges and transfers of property will be necessary in order to secure property for purposes connected or related to the construction of the New Public High School and athletic field therefor;

Now, therefore, be it resolved by the Mayor and City Council of Rochester that Walter H. Wood, Chairman of the Rochester High School Building Committee, be and hereby is authorized to sign any and all deeds of conveyance that may be necessary in the exchange of said property.

Passed November 3, 1937.

---

RESOLUTION TO PURCHASE TWO  
SIDEWALK TRACTORS

*Resolved by the Mayor and the City Council of the City of Rochester:* That the Committee on Roads, Bridges and Drains make requisition on the Purchasing Committee for two sidewalk tractors, equipped as follows: rubber treads, generator, and lights, muffler and upholstered seat, delivered to the Highway Department in Rochester, N. H., for a sum not to exceed \$3,176.80.

That to provide for the payment of these tractors the Finance Committee be authorized to raise on notes of the City the sum of \$3,176.80, to be paid annually,

\$1,000.00 December 1, 1938; \$1,000.00 December 1, 1939; and \$1,176.80 December 1, 1940. Said notes to bear interest at 3%.

Passed November 3, 1937.

---

#### AMENDMENT TO ORDINANCE RELATING TO THE CITY SOLICITOR

*Resolved by the Mayor and City Council of the City of Rochester:* That Section 1 of Chapter 6 of the General Ordinances of said City of Rochester be amended by striking out said Section and inserting in lieu thereof the following:

Section 1. The Solicitor for the City of Rochester shall either be a resident citizen thereof or maintain an office exclusively within said City and an attorney of the courts of this State.

Passed December 9, 1937.

---

#### RESOLUTION TO TRANSFER BALANCES

*Resolved by the City Council of the City of Rochester:* That if found necessary in closing the accounts of the year, to transfer from a department where there is a balance to a department where there is a deficit, the Committee on Finance be authorized to make such transfer.

Passed December 9, 1937.

# FINANCIAL STATEMENT

---

*To the Honorable Mayor and City Council:*

Herewith is submitted a report of the financial condition of the City of Rochester at the close of business December 31, 1937, together with supporting statements and schedules.

The report is submitted in the same general form as in previous years.

Section 1 shows the General Municipal and Budget Accounts and operations for the year, together with supplementary statements and schedules. Schedules four and five of this group show the total cash transactions of all departments of the City for the year, with the exception of the Trust Funds.

Section 2 shows the report of the Trustees of Trust Funds.

Section 3 shows the report of the Water Works in the form prescribed by the Public Service Commission.

The Total Funded Debt of the City shows an increase of \$44,330.00. This is accounted for as follows:

## New Obligations Issued:

Water Construction Notes ....	\$10,000 00
Sewer and Water Notes .....	10,000 00
New School House Lot Notes .	40,000 00
Highway Equipment Notes ...	9,830 00
	<hr/>
	\$69,830 00

## Obligations Paid:

Maple Street School Bonds (final payment) .....	\$14,000 00
Sewer Construction Notes ....	7,500 00
Water Construction Notes ....	4,000 00
	<hr/>
	\$25,500 00
Increase in Funded Debt .....	<hr/>
	\$44,300 00

The Total Funded Debt as of January 1, 1938, is \$164,966.20, divided as follows:

Water Debt (payable from revenue of the Water Works) .....	\$72,000 00
Municipal Debt (payable from Tax Levies) .....	\$92,966 20
	<hr/>
	\$164,966 20

Respectfully submitted,

J. STACY TRIPP,

City Accountant.

#### LIST OF SCHEDULES

1. General Balance Sheet.
2. Analysis of Revenue Surplus.
3. Comparative Summary of Revenues and Expenditures.
4. Statement of Cash Receipts.
5. Statement of Cash Disbursement.
6. Schedule of Real Estate and Personal Property.
7. Statement of Funded Debt.
8. Statement of Tax Liens and Tax Titles Accounts.
9. Statement of Tax Anticipation Borrowing.
10. Statement of Overlay of Taxes (1936 Account).
11. Cost of Sewer Construction.
12. Statement of Comparative Revenues.
13. Statement of Comparative Appropriation Charges.
14. Statement of Special Appropriation for Sewer Construction.
15. Statement of Special Appropriation for Sewer and Water Construction at Spaulding High School Lot.
16. Statement of Net Indebtedness (Exclusive of Water Debt).

Doors unlocked .....	152
Dogs killed .....	48

Respectfully submitted,

FRED S. HARTFORD,  
City Marshal.

## REPORT OF CITY SOLICITOR

---

*To the Mayor and City Council of the City of Rochester:*

I herewith respectfully submit to you my report as City Solicitor for the fiscal year 1937.

The suit brought by the City against the Estate of George Corliss to recover money expended for the support of the deceased is still continued in court pending the settlement of another estate in which Mr. Corliss had an interest as an heir.

Two petitions for abatement of taxes were brought during the year, both returnable at the February Term of Court 1938,—one by the Spiers Brick Company, and the other by the Strafford York Gas Company.

All other legal questions which have arisen during the year have been disposed of without litigation.

Respectfully submitted,

LEONARD C. HARDWICK,  
City Solicitor.

# REPORT OF CLERK OF POLICE COURT

---

---

This is to certify that I have examined the accounts of William E. Jacobs, Clerk of the Municipal Court of Rochester for the year ending December 31st, 1937, and I find them as set forth in the above statement with all payments to the Treasurer properly receipted for and a cash balance on hand of \$92.63.

GARDNER S. HALL,  
Justice.

## REPORT OF SEALER OF WEIGHTS AND MEASURES

---

*To the Honorable Mayor and City Council:*

I herewith submit my report for the year ending December 31, 1937.

I have inspected the pumps at 49 gasoline stations, and reinspected them when necessary, 5 pumps were condemned. Tested the scales at all stores, farmers, poultry dealers, grain mills, ice, junk peddlers, schools, laundries, hospital and shoe shops; Boston & Maine scales at the Freight, Baggage, Express offices and track scale; 8 coal scales and 44 woolen mills scales.

Six scales were condemned for repairs, and reinspected and sealed after repaired. One scale confiscated.

Inspected fuel oil trucks and measured wood trucks. Made 3 calls to measure cord wood after it was delivered. Also made trips through stores to look over the scales and reweigh sealed packages, onions, potatoes, sugar, etc.

Respectfully submitted,

J. B. CALLAHAN,  
Sealer of weights and measures.

# REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

---

*To the Honorable Mayor and City Council:*

In rendering my report of the Fire Department for the year ending December 31, 1937, I would state that we have been very fortunate in not having many serious fires, but we may not always be so fortunate, therefore it stands us in hand to be prepared for whatever emergency may arise by having up-to-date equipment.

There have been 16 bell alarms, 113 still alarms, mostly chimney fires, 17 brush and forest fires in the city proper; 6 bell alarms, 12 still alarms, 1 brush and forest fire at East Rochester; 7 bell alarms, 15 still alarms, 4 brush and forest fires at Gonic; making a total of 191 alarms for the year.

Out of town calls: We assisted Milton on October 8 and Barrington December 21. Called to Gonic on June 18 and November 28, East Rochester on December 17, Hansonville on December 27 and Farmington on December 30.

The amount of property involved in fires is as follows:

Value of buildings .....	\$170,300 00
Insurance on same .....	159,750 00
Losses paid .....	15,090 18
Value of contents .....	117,050 00
Insurance on same .....	55,500 00
Losses paid .....	10,591 00

I will recommend that the city purchase another pumping car to take the place of the old Ela car before someone gets hurt with it.

In behalf of the Fire Department, I will take this opportunity to extend our sincere thanks to all those who have been kind and have given to the Department to show that they appreciate its good works.

In behalf of the Board of Engineers, I will take this opportunity to extend our sincere thanks to all the officers and members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and City Council for what they have done for the Fire Department during the year just ended.

Respectfully submitted,

JOHN F. NUTE,  
Chief of the Fire Department.

# REPORT OF BOARD OF HEALTH

---

*To the Honorable Mayor and City Council of the City of Rochester:*

We herewith submit our report for the year ending December 31, 1937.

Number of contagious or infectious diseases reported ..... 226 cases

Scarlet fever, 14 cases, no deaths

Diphtheria, 1 case, 1 death

Measles, 207 cases, no deaths

Infantile paralysis, 4 cases, no deaths

Number of rooms fumigated ..... 45

Four T. B. Clinics have been held during the year under the State Tuberculosis Association in the Visiting Nurses rooms.

One whooping cough immunization—50 children receiving treatment.

Number of deaths from all causes (excluding stillbirths) ..... 155

Number of stillbirths ..... 19

Number of deaths from tuberculosis .... 2

Number of deaths from cancer ..... 17

Death rate per 1,000 (basis 10,000 population) 15.5

This rate is not the true death rate for our city on account of the deaths of non-residents who are brought to our hospital, many of them in a moribund condition on arrival.

Respectfully submitted,

NORMAN K. CHESLEY, M.D.,

FORREST L. KEAY, M.D.,

CHARLES E. GOODWIN,

Board of Health.

# REPORT OF OVERSEER OF POOR

---

At a meeting of the trustees of the Rochester Public Library, December 29, 1937, it was voted that the report of the secretary, librarian and treasurer be presented to the city council as the annual report of the trustees for the year 1937.

## REPORT OF LIBRARY TRUSTEES

---

*To the Honorable Mayor and City Council:*

Gentlemen:—The Board of Trustees of the Rochester Public Library respectfully submit the forty-fourth annual report of the trustees, together with the librarian's and city treasurer's reports for the year 1937.

We deeply regret the passing of James C. Pringle, the representative on the board from East Rochester. In his demise the board has lost an interested and enthusiastic member, and East Rochester an honored and highly respected citizen.

The board wishes to express its sincere appreciation of the generous endowment of the late Mrs. Sarah E. Young. Each book purchased from the income of this fund will bear a book-plate, thus perpetuating the memory of the generous and thoughtful donor. We know of no more enduring memorial.

For a detailed account of expenditures we refer you to the respective reports of the librarian and city treasurer. We are satisfied that the limited amount of money at our disposal has been carefully and judiciously expended.

The library has never rendered better service to its patrons than during the current year. This is primarily due to the experience and efficiency of the library staff. We thank them for their continued devoted service.

For the Trustees,

JOSEPH F. SWEET,  
Secretary.

## REPORT OF LIBRARIAN

---

*To the Board of Trustees of the Rochester Public Library:*

Gentlemen:—Again we come to the end of a year. The carefully prepared tables of statistics and circulation will tell you, as far forth as figures may, what has been accomplished during the year.

Figures, however, cannot tell the whole story. The 231 gifts do not tell you of more than 300 books boxed in the basement, waiting for attention and a place on the shelves. The 54 magazines bound and added do not tell of thousands of volumes bound or filed in the basement, which by means of indexes extending back to 1804 are valuable for reference. The 1,023 books purchased during the year do not tell you of the mounting cost of good books, nor of the reference books purchased this year, such as an up-to-date World Atlas, recent issues of Who's Who in America, The Statesman's Year-book, Patterson's Educational Directory, Stevenson's Home Book of Shakespeare Quotations, a new edition of Bartlett's Familiar Quotations, the recent reprint of Birds of America by John James Audubon, many useful handbooks containing varied information, the set of the Dictionary of American Biography in twenty volumes, that comprehensive work with its sketches of the illustrious dead and the six volumes of National Biography which treat of the living great and what they have accomplished. These sets were so expensive that with the limited book allowance, only partial payments could be made.

The figures tell you that the total circulation of library books was 96,733 for the year, a slight increase over last year. They also tell you that the East Rochester Branch shows an increase of 404 and that at the main library 1,616 more books were given out to adults than last year, but that, in spite of the effort to attract young people to the books, the summer reading contest, with prizes offered for good reading and the interesting, helpful and beautiful books purchased for the children's department, the decrease in the number

of books given out to young people amounted to 1,918. Many of the children were too busy with their sports and their play to come to the library. Are the children losing the reading habit? This is the cry which is going out from every library. If so, at what a cost to themselves.

Readers and students, to the number of 17,634 have come, some of them day after day, often as many as could be accommodated and probably many went away uncounted. These figures do not tell you of the time spent daily, assisting students with their reference work or hunting for information, in response to requests over the telephone or from patrons of the library. A noticeable decrease in readers was noted during the extremely hot days of last summer. The library was a veritable fiery furnace and patrons left as quickly as possible. The installation of fans would make the library a very popular place another summer.

The question has often been asked, if a high school library will not lessen the work at the public library. Not to any extent, for there are always vacations and there will still be grade pupils and college students, who will not have access to the books in a High School Library, and the demands of all the people from their cradle to their grave to be met. High School students, after four years of training under an experienced or trained librarian, will learn the value of books and the part they must play in all the after years.

The Public Library next to the public schools is one of the city's greatest assets. Whereas the schools help to build the individual for twelve years of his life, the public library is a lifetime builder and should supplement that which a student has received from school and college.

The Public Library is not a luxury but a necessity and as such should be cherished, maintained and encouraged to forge ahead in every way.

That the library does have a prominent place in the minds of the people has been shown not alone by its patronage but by the gifts of the year. The gift of \$5,000 from the late Mrs. Sarah Young, the last of a family of readers and constant users of the library, the many books, periodicals, flowers, plants, the

seven-foot bookcase, with its six shelves for the display of new books, built by the Mechanics Arts Department of the Rochester High School and the twenty volumes of Red and White, the High School paper, collected from the alumni and bound as the gift of Charles F. Felker.

The donors of all gifts and all service to the library receive the grateful thanks of the librarian and staff as well as the Board of Trustees.

Much commendation is due the members of the staff who through hectic hours and with cramped conditions have worked doubly hard to carry on the work of the year. To them I give my grateful thanks and again express my appreciation to the trustees for their kindness and courtesy.

Respectfully submitted,

LILLIAN E. PARSHLEY,  
Librarian.

Rochester, N. H., December 29, 1937.

# REPORT OF SUPERINTENDENT OF SCHOOLS

---

Rochester, N. H., February 4, 1938

*To the Rochester School Board:*

I herewith submit my annual report of the Rochester School Department for the year ending December 31, 1937. This is the fifth report under my direction and the forty-sixth in the series. In it you will find a discussion of those policies and points of school administration which seem to me to be of public interest and on which we desire to have every citizen informed. Statistics have been intentionally avoided.

The reports of the headmaster of the high school and the school nurse are made a part of this report. They are of sufficient excellence and merit to warrant their being included without change or reduction. Your careful consideration of the information they contain is requested.

## SUPERVISORY UNION NO. 54 ENLARGED

Economy measures adopted by the 1937 legislature caused extensive changes in the grouping of school districts for supervisory purposes. As a result some unions were dissolved while others were enlarged. The Rochester Union was enlarged by the addition of Farmington to Union No. 54, effective September 1, 1937, and I was directed by the State Board to take over the supervision of the six schools and eighteen teachers in that town. This action was not sought by any of the parties concerned but was made mandatory by legislative enactment. At this time no one can state with finality how long the present arrangement will continue because only future legislation can answer that question. It is the expressed hope of the State Board that it is only temporary.

By the terms of agreement with Farmington approximately one-fifth of my time is to be given to those schools while one-fourth of my excess salary is paid by

that district. The excess salary was fixed at two thousand dollars which gives Rochester the advantage of a financial saving while Farmington is not paying quite so much as was paid in Union No. 49.

### SCHOOL TRANSPORTATION

A law passed in the closing days of the 1937 legislative session accorded to pupils attending approved private schools the same transportation privileges enjoyed by public school pupils. The additional transportation thus put upon this department was absorbed by our regular bus drivers and the employment of Mr. Henry Bourcier, who now transports children over the same routes he formerly covered for St. Leo School. Mr. Bourcier also transports all public school pupils from Rochester Heights to the Gonic School. This increased transportation load will be reflected in the larger appropriation which will be required in 1938 for that department of school work. We must not only finance the extra transportation route thus set up but also extra time for our regular transporters who must carry parochial pupils when their vacation periods do not coincide with those in the public schools.

We now have three drivers who are using what may be termed standard school buses. The comfort and convenience of pupils riding in them are sufficiently superior to accommodations in other types of vehicles to warrant the acceptance of nothing but standard school buses when contracts are again awarded. My recommendation to this Board is that transportation specifications in 1939 eliminate all except standard equipment.

### USE OF RELEASED ROOMS

When the Spaulding High School is occupied and grades seven and eight become a part of the high school organization we shall have two rooms in every school, except at Gonic, which will be available for future expansion or new uses. Among the new uses we ought seriously to consider special classes and kindergartens.

Special class opportunities should be made available for those pupils who cannot profit by regular work. Even a casual inspection by untrained observers would

reveal many pupils who are not happily or advantageously located in regular classes. In years gone by those children have been kept along with others of their own age and physical capacity regardless of their ability to achieve satisfactory results. They have been prodded to accomplish something beyond their natural powers or, failing in that, they have been subjected to the humiliation and discouragement of continued failure. We have partially excused our policy of neglect on the grounds of insufficient quarters in which to carry on special class work. With plenty of room available the real question will then become one of how long the public conscience will continue to sanction a policy of parsimonious neglect.

Kindergartens should eventually be made a part of our public school system. It is true that they are now often regarded as luxuries to be enjoyed only by the children of those parents who can afford to pay for them. However, the successful operation of nursery schools in many places has done much to prove the worth of early group training and to break down old prejudices. Competent educational authorities favor bringing children under such training and discipline in an informal way before they are old enough to enter upon formal school control.

Of these two suggested additions to our public school service I regard the first as of greater importance and recommend its adoption at the earliest possible time.

### BUILDING MAINTENANCE

As stated in a previous report it is my intention to bring the school buildings into such a state of good repair that we can give attention to the major needs of two buildings each year and complete only minor repairs in the other four. The adoption of that schedule would bring greater system and effect necessary repairs before continued delay results in more heavy expenditure. In furtherance of the plan just stated the following principal pieces of work were done in the summer of 1937 and in December after schools closed for the vacation:

1. Finished painting corridors and classrooms in East Rochester.
2. Painted the Allen School corridors.
3. Painted the exterior of Maple Street building.
4. Puttied and painted first floor sash at Gonic, built new screen frames for basement windows, and replaced rotted window sills in basement with concrete sills.
5. Both the toilet rooms at Gonic were completely renovated by the installation of new fixtures. For this purpose we used the money appropriated for shingling the building when we found that shingling could be postponed a while longer.

Besides these major repairs the usual number of minor jobs was completed by the janitors.

In the year 1938 we ought to include in our repair schedule the following projects:

1. Paint and varnish School Street building interior.
2. Paint and varnish Gonic School interior.
3. Caulk Maple Street window frames.
4. Remove oil from, clean, and refinish all wood floors at Maple Street.
5. Grade, seed, and beautify one school yard in the city.

This list is by no means exhaustive but indicates those things which ought not to be neglected. We must not overlook the far-reaching effect cheerful, well-kept school premises have on the happiness and attitudes of pupils.

#### ASSISTANT TEACHER IN EAST ROCHESTER

The over-crowded condition in grades four and five again made necessary the employment of an assistant teacher in East Rochester. Mr. René Mathieu, who had just finished his required practice teaching at Keene Normal, was employed to begin work on November 8, 1937. He has charge of the fifth grade while Miss Nixon has grade four. My experiences in seeking a satisfactory person for that position plainly showed two things which may be of interest to the public.

There is a shortage of good elementary teachers contrary to the generally accepted belief that they can be easily obtained in any number and at almost any price. The shortage is due to smaller graduating classes from our normal schools while courses are being changed from the old two-year basis to one of four years and it will continue for at least two years longer. The inability of many graduates to secure employment has tended, in recent years, to prevent the selection of teaching as a life work by large numbers of those who were well qualified for teaching.

In this situation the law of supply and demand will operate to increase the salaries of desirable teachers accepting new positions. As in purchasing any other service or commodity school departments must expect to get no better than they pay for until such time as supply greatly exceeds demand. It seems to me that parents may now much more confidently direct their sons and daughters into the profession of teaching, particularly in the elementary field.

### BOOKS AND EQUIPMENT

A considerable financial outlay is annually required to keep our books and equipment in good condition and to avoid their becoming obsolete. We now have series of books which were adopted about ten years ago and should therefore be replaced by more recently compiled texts. Furthermore, there are so many satisfactory complete series of books now available that it seems to me unwise to continue the use of fragments of several series as is done in geography and history. Greater satisfaction is likely to be experienced when a complete series is used throughout the grades to take advantage of continuity of plan and method of approach resulting from unified authorship. We are now examining our history and geography texts with a view to new adoptions as soon as such a course appears feasible.

In the field of reading we should take steps to adopt a basal system for use in the fall of 1938. We now use an excellent reading system in the first grade but that is as far as it goes. When our adoption was made the publishers expected the series to be completed

but early depression years brought a change in their plans so that other volumes were never written or published. In my opinion the excellence of our present first grade system is not sufficiently great to lead us to forego the advantages of a basal system extending over four years. It is my recommendation that new reading material be adopted for the first two grades in the present year and that it be extended through the fourth grade the following year.

Other aids to instruction such as maps of all kinds and globes as well as visual teaching devices should be made available in all schools where there is now an absence of strictly modern equipment. During my term in Rochester an attempt has been made to bring our school materials up to date, to keep them in presentable condition, and to accomplish such changes and additions as our budget would permit. The annual per capita expenditure found necessary for such purposes throughout New England averages one dollar and fifty cents. Our provision has been less than that.

### THE SCHOOL BUDGET

Very few, if any, people who have not served on the School Board know how our annual budget is made up, hence the discussion here presented for general information.

The first step in the formation of the budget is the preparation of an estimate in the superintendent's office. This estimate acquaints the board members with the needs of the school and presents an itemized forecast of expenditures so far as they can be determined a year in advance. No one should assume that estimates made for budget purposes can or will be followed if actual experiences and needs dictate a different use of funds. The different standing committees then meet, discuss the superintendent's proposals, and recommend such changes as seem to them best.

After approval by committees the various budget recommendations are laid before the Finance Committee which decides whether to revise them or to submit them to the Board as they came from the committees. The Board in turn may accept or modify the proposals on which action is requested.

The budget requests of the School Board are then laid before the City Council which is the appropriating body in our city government. After recommendation by the Finance Committee of that body, formal action on the school budget is taken. In passing the 1937 budget, the Council, for the first time in many years, failed to meet the request of the School Board and reduced the budget.

The elected representatives of the people who make up the School Board are pledged to conduct the affairs of their department efficiently and with due regard to the educational needs of the schools. From the foregoing explanation of budget procedure it may be seen that rash and ill-advised recommendations are not likely to be made. On the contrary, they reflect the best judgment of those who have merited sufficient confidence to win preferment at the hands of the voters. The best interests of Rochester schools will be served by acceptance of recommendations submitted by those who are in closest touch with their needs.

## HEALTH WORK

The purpose of health supervision and teaching in our schools is to give instruction designed to promote the development of sound health practices which will lead to greater physical comfort in the years ahead. Though we give children the highest academic advantage we are negligent in our duty to them if we knowingly fail to safeguard their health because without good health they will be permanently handicapped.

Formal instruction and discussion in classrooms, periodic examinations and inspections by the nurse, and follow-up work in the home have previously been the sole means of promoting good health among school children. However, a marked advance was made when thorough physical examinations by the school physician were offered to pupils in grades one and two. All those whose parents gave written permission were examined by Dr. Chesley before the Christmas vacation. Defects or conditions demanding remedial treatment were reported to parents who were thus given early notice of desirable steps to insure the physical fitness

of their children. In my opinion, the plan now in operation is the most significant step taken by this department in a long time. It is my recommendation that the same health service be carried forward to include grades three and four also in the school year of 1938-1939.

The next much needed service is the establishment of a dental clinic and that should be organized when new health quarters are occupied in the Spaulding High School. Better care of the teeth in early years would banish much of the distress and embarrassment now resulting from neglect. It should be our goal to achieve a condition where the school child with decayed, neglected teeth will be less in evidence than are those now who are free from dental defects. This is wholly possible of accomplishment in Rochester as well as in another community where those plans were carried to completion.

### REPORTING PUPIL PROGRESS

A new form of report card for acquainting parents with the progress of their children has been in use since the opening of school last fall. The card now in use is very different from any other we have previously used and represents the combined judgment of the superintendent, the teachers, and other educators whose opinions were sought. Social or citizenship growth of the pupils is shown and ratings in effort parallel those in accomplishment. Furthermore, as the year advances progress in every subject is shown graphically so that parents can readily see whether children are maintaining a constant standard of work or whether the level of accomplishment fluctuates. The results expected from the new report cards are:

1. Increased interest in individual improvement.
2. Less competition between children of unequal ability.
3. Credit for good effort even though results are not high.
4. A comprehensive check on school citizenship and social growth.
5. Constant incentive for greater effort.

Teachers and those parents who have stated their views directly to me report that our aims are being satisfactorily realized.

#### LIBRARY AND CURRENT EVENTS CLUBS

At the beginning of the current school year all teachers of grades five to eight were requested to organize their rooms into clubs. These clubs might be for the consideration of either books and reading or current events. My request was prompted by the successful organization of such groups in a few rooms and a desire to have all pupils get the valuable training thus provided. The business-like manner in which pupils carry on these clubs is a pleasure to witness. The following list includes some of the benefits we expect to see realized.

1. Practice in the choice of officers.
2. Experience in an official capacity.
3. Individual achievement.
4. Assuming responsibility to the group.
5. Familiarity with after school duties as adults.

One parent in expressing appreciation of the room organization plan said to me, "They are really learning how to live."

In concluding this report it is only proper to acknowledge the fine spirit of cooperation manifested by our teachers, the kindness and friendly interest of parents, and the constructive work of the School Board. May we never lose sight of the truth that all who are charged with any degree of responsibility in public education are building a part of the future of America. May the building we do prove a worthy monument to our endeavors.

Respectfully submitted,

ARTHUR S. ROLLINS,  
Superintendent of Schools.

# REPORT OF HEADMASTER OF HIGH SCHOOL

---

February 1, 1938

*Mr. Arthur S. Rollins, Superintendent of Schools:*

Dear Sir:

I herewith submit my second annual report as Headmaster of Rochester High School.

This report will deal in part with the results of several investigations which have been made during the past year in an attempt to evaluate the work of the school. It will also consider several activities which the school has undertaken in order to make itself more vital and helpful to the students.

## INCREASE IN HIGH SCHOOL ENROLLMENT DURING 10 YEARS

Year	Pupils in High School
1927-28	359
1928-29	360
1929-30	341
1930-31	356
1931-32	397
1932-33	397
1933-34	421
1934-35	429
1935-36	466
1936-37	499
1937-38	511

The number of pupils enrolled in the High School this year is 42% more than the number enrolled during the school year 1927-28.

The number of pupils per teacher has increased from 21 per teacher in 1927-28 to 28 per teacher in 1936-37. The state average last year was 22.

This increase has made necessary classes of over 30 pupils in some instances. While it is true that classes this large may be efficiently taught in certain subjects, on the other hand, it means that less indi-

vidual attention may be given to the pupils. In general, pupils who are fortunate enough to receive considerable individual attention get the most out of their school work.

#### PUPILS LEAVING SCHOOL DURING TEN YEARS

Year	Percent Leaving
1927-28	10
1928-29	13
1929-30	9
1930-31	12
1931-32	12
1932-33	13
1933-34	14
1934-35	14
1935-36	12
1936-37	13

This chart shows a yearly percentage for the past seven years greater than the state average for 1936-37 which was 10.2%.

As this report is being written, we are running about 2% less withdrawals than at the corresponding date a year ago. This would indicate that we should be very near the state average next June.

The ability of a school to hold its pupils may well be a measure of its influence in a community.

#### PERCENTAGES OF FAILING PUPILS FOR TEN YEARS

Year	Failed One Course	Failed More Than One	Total
1927-28	6%	3%	9%
1928-29	4	2	6
1929-30	8	5	13
1930-31	9	6	15
1931-32	11	7	18
1932-33	13	6	19
1933-34	9	10	19
1934-35	7	5	12
1935-36	6	4	10
1936-37	4	2	6
1936-37 N. H. Average	6%	4.5%	10.5%

Large numbers of failures are always discouraging. They indicate either that children are not working up to their capacities or that the work is not adjusted to their abilities. An attempt has been made from both angles to materially reduce our failures. It will be interesting to observe whether a reduction in the number of failures also reduces the number of pupils dropping out of school.

### GRADUATES GOING ON TO FURTHER EDUCATION

Class of	No. Grad.	No. Continuing Education	Percentages
1929	64	20	32
1930	74	32	43
1931	67	20	28
1932	70	21	30
1933	55	12	21
1934	68	16	24
1935	76	24	30
1936	81	19	24
1937	76	31	40
N. H. Seniors of the Class of 1937			27.5%

It is gratifying to note that 40% of last years' graduates have gone on to further educational training this fall. In our educational guidance work last year, while we were very careful not to try to influence our pupils in selecting post-secondary institutions, on the other hand, pupils were given an opportunity to see for themselves what the possibilities are for satisfactory employment in various occupations. Moreover, they were given an opportunity to consider the educational qualifications necessary for entrance into the various occupations.

It may be of interest to include in this report a complete study of last year's seniors which shows what became of them after graduation. The implications of this list lie in the number of children now engaged in uncertain occupations or who, at the time the study was made, were unemployed.

The figures for the seventy-six boys and girls who graduated last June according to compilations made in November are as follows:

Attending University	10 Pupils
Attending other four-year Colleges	2 Pupils
Attending Prep Schools	5 Pupils
Attending Business Schools	5 Pupils
Post Graduate	5 Pupils
Normal School	4 Pupils
Hospitals	5 Pupils
Clerking-stores	13 Pupils
Correspondence Courses	2 Pupils
Factories	7 Pupils
Garages	3 Pupils
Stenographers	3 Pupils
Unemployed	12 Pupils

The foregoing statistical studies on enrollment, failures, pupils leaving school, and graduates all seem to point to one fact. We need to increasingly provide ways and means in our high schools all over the country for our boys and girls to find themselves and to have an opportunity to succeed in what they are assigned to do.

Our enrollment has increased during the last few years which means that we are getting a different type of student in high school than was the case twenty years ago. No longer do all of our graduates attend college. A large number of them go to work immediately upon graduation.

Moreover, altogether too large a number of our pupils drop out of school before graduation. Even the little training we can give them is lost to them by reason of their leaving school too early.

That we have an obligation to society to train its children in the best possible manner is undeniable. We are trying to meet this obligation not only in our regular class work but also through a system of encouragement and advice to our pupils.

Working particularly with seniors about to leave school and with underclass pupils whose work has not been satisfactory, some of our teachers have found it possible to help pupils make adjustments which have enabled them to profitably continue their education.

The class advisors have checked with pupils in their classes about their work. In cases of failure or

discouragement, investigations as to causes of such failures have been made and remedies suggested.

Our seniors have been under the supervision of a group of teachers who periodically have interviewed them and talked with them about post-secondary educational and vocational choices. Our intention has been to assist these students in finding solutions to the problems which they will meet upon leaving school.

Considerable material has been collected which our councillors may use in this work with the seniors. Material about a great many occupations is at hand while several worth while speakers have met with the seniors.

We feel that this work has been worth while. The response of the pupils has been satisfactory.

The problem of pupils who leave school has been a difficult one. We have tried to direct our pupils into courses in which we felt that they could succeed. Separation from school is closely connected with failure and lack of interest. Our counselling work has been directed toward finding ways and means of bringing these particular pupils into harmony and closer cooperation with the school.

### RESULTS OF 1936-37 TESTING PROGRAM

The following gives the comparative standing of the senior class of Rochester High School with the seniors throughout New Hampshire in certain tests in the fundamentals which were given to New Hampshire seniors last spring.

Three different tests were given at monthly intervals and median scores for each school and for the entire state were determined. Rochester's seniors had median scores in all three tests above those of the seniors of the state as a whole. The comparative figures are as follows:

	State Median	Rochester
Intelligence Quotient	105.	105.2
Arithmetic		
Addition	18.1	18.7
Subtraction	14.3	14.9
Multiplication	16.6	17.9
Division	12.5	13.7
English Forms	140.	151.

These results are interesting because considerable drill was done last year with the fundamentals in Arithmetic, Penmanship, Spelling, and English Grammar. One period per week was devoted throughout the school year to drill with all pupils who were below standard in each fundamental.

No matter how thoroughly a pupil may learn the fundamental tool subjects, without constant drill, he quickly loses facility in working with them. Our efforts last year seem to have been justified by the results which our seniors achieved.

This year we plan drill work in place geography and silent reading. Since silent reading is a basic skill, and since we find some pupils who cannot read well enough to comprehend what they read, we feel that there is a real necessity for drill in correct skills and techniques in reading.

The program of keeping alive the fundamentals is an important one in the secondary school and it is in line with the philosophy of teaching children to do better the desirable things they are going to do anyway.

### WORK IN REMEDIAL READING

For sometime past, as we have studied the pupils doing unsatisfactory work or having difficulty with their work, our investigations have generally resulted in the same conclusion; some of our children find it difficult to read.

A reading test was recently given to one hundred freshmen and it was found that in terms of the accuracy of that test to measure reading ability many of these children could not read very well. The marks of these pupils were studied and their progress in content subjects such as History, Civics, and English literature was observed.

At the middle of the year, a course in remedial reading was introduced with the intention of trying to teach these children the skills and techniques of good reading habits.

Since reading is basic to a study of almost any subject in the high school it seems almost necessary that before anything else is accomplished, those children

having difficulties should be taught how to read intelligently.

### EXTRA-CLASS ACTIVITIES

It seems worth while to mention the various ways not directly connected with the classroom, in which the high school is attempting to meet the needs of its boys and girls.

If, as some maintain, the functions of the school are to develop character, to create good citizens, to build healthy bodies, to perpetuate the democratic spirit, we should be doing more rather than less in the field of extra-class activities.

In athletics, as in the past, a fair number of our pupils are given opportunities for group and individual activities. Winter sports and hockey have been added this year. Our ultimate aim is to be able to offer every pupil some form of healthful activity. Not only is this type of activity valuable in building healthy bodies, but it also gives our boys and girls worth while ways in which to occupy their leisure time. It keeps them off the streets and makes true the statement that the busy child keeps out of trouble.

The school magazine provides an opportunity for our pupils to express themselves in print and perhaps even of greater value is its function in training pupils in leadership and creative activities.

In dramatics, our activities tend to develop in children an ability to appear without fear and self-consciousness before audiences. In addition to dramatics, prize-speaking groups and a debating club have been organized again this year. As a means of self-expression and as a means of developing poise, these activities are extremely valuable.

Such organizations as the Student Activity Association, the Hi-Y Club, the Courtesy and Manners Club, and the various other clubs give our boys and girls opportunities for social experiences with members of their own group under proper supervision. Boys and girls need opportunities such as are provided in their clubs to practice cooperation, leadership, and citizenship in worth while activities. As character and citi-

zen building agencies, they provide a service that no other part of the school organization can offer.

The musical organizations of the school, which have been steadily growing in size, provide for the interests and abilities of those children with a real liking for music. Every child likes to excel in something, and organizations such as these offer opportunities for our children to perform in public and at the same time they provide worth while entertainment for our pupils.

Our program of extra-class activities is designed not only to provide pleasant things for our children to do. Its aim is to supplement the work of the classroom with practical character and citizen building activities by means of which the school may help the community in dealing with its young people.

#### STUDENT ACTIVITY ASSOCIATION

The financial statement of the Student Activity Association from September, 1936, to June 30, 1937, gives a complete picture of the condition of both the Student Activity funds and the class funds.

It can readily be seen from the table below that very few activities show a profit, the only two being Dramatics and Basketball. This showing of a deficit at the end of the school year necessitated some careful planning and spending in football for 1937 with the result that the losses have been made up leaving a profit of \$214.84. This profit affords a working capital with which to carry on our activities for this year.

The class funds accumulate over the four years a class is in school through the payment of class dues, the sponsoring of a Junior Prom, and the receipts from a benefit movie.

These class funds are used for the payment of all class expenses such as socials, Class Day, class banquets and picnics.

The statement is as follows:

#### FINANCIAL STATEMENT

September 6, 1936, to June 30, 1937

	Income Expenditures		Profit	Loss
Dramatics,	\$474.88	\$309.98	\$164.90	
Football,	1,806.22	2,055.12		\$248.90
Basketball,	655.29	484.60	170.69	

Baseball,	264.13	357.23	93.10
Music,	80.12	98.77	18.65
Outing Club	52.41	52.84	.43
Red and White,	540.39	574.39	34.00

## CLASS FUNDS

	Income	Expenses	Cash on Hand
Class of 1935			\$50.83
Class of 1936	\$208.29	\$208.29	
Class of 1937	681.49	623.57	57.92
Class of 1938	377.87	155.11	222.76
Class of 1939	181.87	38.18	143.69
Class of 1940	139.44	16.25	123.19

## DISTRIBUTION OF PUPILS IN SUBJECTS

Below is a chart showing the numbers of pupils taking the various subjects in the high school during the year 1937-38.

Subject	Number Pupils	Percent of Total
English	506	100
Mathematics	259	51
Commerce (skills)	199	40
Science	170	33
History	166	32
Social Science		
other than history	160	31
Home Economics	121	24
Shop	106	21
French	99	19
Latin	87	17

These figures are included in this report to show trends in high school offerings. With our increase in school population and despite the numbers of our pupils going on to college, the academic subjects are showing definite decreases in numbers of pupils taking them.

During the year, 1936-37, there were 220 fewer pupils taking Latin in the state than during the previous year while only 44 schools gave the third and fourth years of Latin. According to Carl A. Jessen, Senior Specialist in Secondary Education, Office of Education, writing in "School Life" for March, 1937, one-fifth of the schools reported in a survey of school offerings do not offer geometry. He adds, "Algebra is no longer with any degree of universality a required subject in the high schools of the United States."

The relatively high standing of Mathematics in the above chart is due to General Mathematics and Junior Business Training, so-called practical courses which seem to meet the needs of the majority of our boys and girls.

It is unfortunate that our physical limitations have made it impossible for us to provide opportunities in shop and home economics for more of our pupils. Evidence seems to indicate that more pupils would take these courses if we could take care of them.

In view of the fact that so few of last year's graduates went into employment which required the skills of commercial subjects, it would seem that too many of our children are taking these courses. They do not appear to use them after graduation.

Many educators would agree that today, for the majority of our students, the most valuable subjects are English, the social sciences and the natural sciences. It would seem that too few of our students are taking the last two mentioned.

In the light of the changes in our present civilization, parents should carefully consider courses of study which their children are to pursue.

In conclusion, may I call attention to the willingness of your teachers to give of their time and energy in any way which will benefit the boys and girls of Rochester.

Respectfully submitted,

CARROLL W. PEAVEY,

Headmaster.

# REPORT OF THE SCHOOL NURSE

---

## *To the Superintendent of Schools:*

I herewith submit my annual report as school nurse.

Approximately seventeen hundred pupils were examined during the past year. The following defects were found:

Hypertrophied tonsils .....	99
Defective teeth .....	595
Underweight .....	161
Defective vision .....	44
Orthopedic cases .....	5

The parents have been notified about these defects and I find the greater part of the parents very co-operative. Local charitable organizations have been very generous in aiding in the correction of these defects.

Milk was supplied to sixty-eight children from January to April through the Free Milk Fund.

Several Tuberculosis Clinics have been held during the year and about twenty children were examined by Dr. Kerr.

This year we have been privileged to have a physical examination of pupils in the first and second grades. The work was conducted by School Physician, Dr. N. K. Chesley, with very gratifying results. One hundred and seventy-eight children were examined. This is the first year such an examination was given and it has been of great benefit to the school department and the parents.

I would like to thank you and all the teachers for the cooperation received, also the visiting nurses for their help with the physical examinations.

Respectfully submitted,

NORA C. SCAHILL, R. N.,  
School Nurse.

### Class Ode for 1937

#### FAREWELL

Barbara Leonard

Our school days are past and gone,  
 And yet we linger here;  
 Sweet are joys that we have known,  
 And classmates held so dear.  
 Now the world before us lies,  
 Yet mem'ries seem to dwell;  
 With saddened hearts and misty eyes,  
 We bid to all farewell!

#### II

Always we'll recall each joy  
 That bound our friendships here;  
 For time can never more destroy  
 The light of mem'ry burning clear.  
 Other scenes and other cares  
 Their stories now we tell;  
 Each heart your tender mem'ry shares—  
 Teachers, comrades, to you, Farewell!

---
